Dr. Miles' Nervine Restores Health.

UNCLE EZEKIEL OBEAR, assessor and tax collector, Beverly, Mass., who has passed the 80th life mile stone, says: 'Dr. Miles' Restorative Nervine has done a great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience.'

Made by the American Commissioners Not Likely to Be Granted by Spain.

SAGASTA'S INSTRUCTIONS

Rios Told Not to Cede One of the Carolines or a Coaling Station at Ceuta Nor Grant Religious Freedom—Spanish Commissioners Give Judge Day Something to Think Of.

Paris, Dec. 2.—From information received here from a well authenticated source at Madrid it seems unlikely that the commissioners will finish their work as soon as had been expected. Madrid has instructed the Spanish commissioners on three points to which the Americans attach much importance. These are the cession of an island in the Carolines, the granting of religious freedom over the whole of the Carolines and the cession of a cable and coaling station at Ceuta.

The Spanish government has instructed Senator Montero Rios to grant none of these and while Spain may ultimately yield to them all, it is admitted that the American commissioners have no power to enforce their demands on points not covered by the protocol.

Anxious as both are to conclude their work, the United States and Spanish peace commissions did not hold a joint session yesterday. The next meeting will be held this afternoon. The delay is caused from the fact that the Spanish commissioners at Wednesday's session offered several urgent propositions which called for special deliberation upon the part of the Americans. Spain asks the Americans to grant for the term of five years to Spanish ships, carrying Spanish goods or products to Porto Rico and Cuba, the same privilege as American vessels engaged in the same trade may have, and she qualifies this request by a proviso that trade privileges be extended to Cuba so long as the United States government dominate over the island.

Fortified With Precedents. In support of this request the Spanish commissioners assert that Spain can not, without vital harm, immediately abandon or cut the business relations so long maintained between the mother country and the West Indian territories. They declare that family ties and social relations, added to affairs of trade maintained through centuries, require gradual dissolution. They invoke the terms of the treaty of 1819, by which the United States took over Florida from Spain, and in the 15th article of which granted Spain for 12 years the right to send her goods and products to Florida in Spanish ships on the same terms as the ships carrying thither goods and products of the United States.

The Spanish commissioners cite further the fact that the treaty of 1808 with France, for the cession of Louisiana, granted French and Spanish goods and products the same terms as Americans in New Orleans and other ports in the ceded territory.

Finally, Spain points to the American proposed "open door" policy in the Philippines and asks a guarantee of the same advantages in her West Indian colonies, until trade relations can by degrees accustom themselves to the change of sovereignty.

This proposition and the arguments by which it was supported are considered strongly stated and the American commissioners desired time for deliberation. Thus, though busy until time for the session yesterday afternoon, they were not fully prepared, and Judge Day sent a message to Senator Montero Rios requesting that the joint session be postponed until today.

Meanwhile the Spanish commissioners had been preparing a list of subjects

for negotiations, supplemented by suggestions counter to and amendatory of the subjects the Americans submitted Wednesday. This came to the American commissioners yesterday in Spanish, rendering it even more desirable to postpone the joint session in order to give time for translation and consideration. Now that the first gust of grief and chagrin has passed the Spanish commissioners are meeting the Americans in a frank spirit that is helpful to an early completion of the negotiations.

Sunset Limited

Southern Pacific's Transcontinental Train Wrecked in Louisiana.

Jennings, La., Dec. 2.—The Sunset limited transcontinental train of the Southern Pacific was wrecked two miles west of here last evening while going at a 60-mile-an-hour speed. It is miraculous that there was no loss of life. Engineer Ragsdale, Fireman Booth and Conductor Qualbrough were severely injured and a man named Cox was fatally injured. He was riding in the cab. None of the passengers were hurt. The engine and three cars went down an embankment and the former was turned completely over.

Temple of Temperance

Scheme of the Trustees to Make It Miss Willard's Monument.

Chicago, Dec. 2.—The temple trustees yesterday afternoon held a 2-day's meeting. Mrs. Matilda B. Carse, president of the board of trustees, made the following statement after adjournment: "Since the National Woman's Christian Temperance Union at its convention in St. Paul dropped the temple as an affiliated interest, the trustees fully realizing the great responsibility devolving upon them, turn for aid in the task they have set themselves to accomplish, to those in all parts of the world who loved Miss Willard and desire to honor her memory by making the temple she so dearly loved and admired her monument."

As one of the agencies for this object, and to allow all her friends the opportunity to contribute according to their means and power, they propose to form Willard memorial circles for which a constitution and by-laws have been prepared and in which they invite the cooperation of all friendly to the undertaking. Any one—man, woman or child—can become a member of a circle by subscribing for The Appeal, the organ of the temple trustees, and contributing \$1 annually. Each circle is expected to give at least one entertainment a year the proceeds to be devoted to the Willard Temple fund.

Fugitive Gillette

Report that the Cattle Plunger Has Been Captured in Mexico.

Kansas City, Dec. 2.—It is stated here that Grant C. Gillette, the Kansas cattle man whose financial collapse last week revealed the fact that in less than three years he had piled up an indebtedness of more than \$1,500,000, is under arrest somewhere in the southwest.

Charles A. Shafer, president of the George Holmes Commission company, swore out a warrant here yesterday charging Gillette with having obtained \$19,500 by false pretenses. The warrant was placed in the hands of an officer, who left the city last night. M. A. Fyke, attorney for the Holmes company, made this statement: "Gillette is under arrest in Mexico. An officer has gone for him and we will get him back, we hope, at a very early date."

In other quarters it is stated almost as positively that Gillette is not in Mexico, but that he is in custody on American soil; that he has a large sum of money in his possession and that his captors are negotiating with his creditors here to exact a stated per centage of the money as their price for turning Gillette and the funds over to his creditors.

Loss, \$100,000.

Bills Brought In Against Virden Rioters by the Grand Jury.

GOV. TANNER INDICTED

For Omission of Duty and Malfeasance—Chicago-Virden Coal Company and Its Manager Charged With Manslaughter—The Governor Indifferent About the Matter.

Carlinville, Ill., Dec. 2.—The Virden riot grand jury made its formal report to Judge R. B. Shirley last evening. Judge Shirley came down from Springfield, where he was holding court, and held a short half hour session to receive this report. The grand jury dealt pertinently with the affair, and as far as it was able to ascertain, returned true bills against the principal participants in the tragedy of Oct. 1 and 2, at Virden. Ten indictments involving 54 persons were returned. Against John R. Tanner, governor of Illinois, there are three counts for palpable omission of duty and malfeasance in office. Fred W. Lukins, general manager of the Chicago-Virden Coal company is charged with manslaughter on two counts. With Lukins his deputies, Frank Wilder, J. E. Sickles and J. H. Smith, are indicted for the killing of Joseph Gitterale, a Mount Oliver miner. Sixteen Thiel guards are held for riot.

In the indictments against Governor Tanner, the complaining witnesses are John Graham, Will Mitchell, William Wilson, Clarence Ross and Charles Stewart, employees of the Chicago-Virden Coal company. They testified that they were intimidated and prevented from following their legitimate employment by an armed body of men numbering 1,000, who unlawfully and feloniously were assembled in Virden; that the governor had been notified by the sheriff of Macoupin county that no protection was to be had from the county and was earnestly implored for state assistance.

Judge Shirley fixed Governor Tanner's bond at \$500.

A. J. Roberts, the foreman of the grand jury, who was also foreman of the coroner's jury, is a Virden police magistrate. He was strongly opposed to indicting Governor Tanner.

INDIFFERENT

Governor Tanner Manifests No Interest in the Grand Jury's Action.

Springfield, Ill., Dec. 2.—When Governor Tanner was informed last evening of the action of the grand jury at Carlinville he received the news with indifference and manifested no interest in the particulars. He was asked for an expression in regard to the matter, but declined to talk about it, simply saying that he did not consider it worth while to discuss the subject.

This is not the first time a governor of Illinois has been indicted. It is but a few years since ex-Governor Altgeld was indicted in Champagne county as one of the trustees of the University of Illinois, ex-officio because the so-called "flag law" was not observed at the university, but nothing ever came of the indictment, which was soon afterward dismissed.

Hastings Orders an Investigation.
Harrisburg, Pa., Dec. 2.—Governor Hastings yesterday referred to the board of managers of the Erie soldiers' home, the petition from the inmates presented to him at Philadelphia by State Senator Gibson, with the request that a careful investigation be made and a speedy decision rendered. The petition charges the trustees of the home with illegal retention of pension moneys belonging to the inmates.

Chicago, Dec. 2.—The Methodist general conference of 1900 will be held at Chicago. Estimates of Losses

Destruction of Shipping Around Provincetown Placed at \$510,000.

Provincetown, Mass., Dec. 2.—An attempt to fix the financial loss of Sunday's storm in and around Provincetown and including the steamer Portland wreck was made yesterday by several men who have large interests in coastwise shipping. The tabulations reached were as follows:

Lives lost (probably), 150; loss of property on land, \$10,000; loss of marine property, not including steamer Portland, \$200,000; the Portland, \$350,000; loss in money and effects of passengers and sailors, \$50,000. Total, \$510,000. The Boston fishing schooner Ruth M. Martin arrived here yesterday and was beached. The crew was saved, one man, however, being badly hurt. The vessel is breaking up.

A schooner supposed to be the Grace of Calais, Me., is ashore two miles southwest of Wood End lifesaving station, with masts gone, cabin gutted and no signs of life. It is believed her crew has perished.

Fragments of a large vessel, probably of 600 tons, drifted ashore yesterday off Wood End. A large piece of an entirely different kind of vessel floated ashore shortly after.

Wrecks at Port Jefferson.

New York, Dec. 2.—Port Jefferson, L. I., has just emerged from the snow embargo. The story of the havoc done in Port Jefferson bay by the storm came with the first train late yesterday. Wrecks of pleasure yachts and commercial craft are strewn about the shores or lie on the bottom. During the height of the storm the fishing schooner Hard Chance attempted to make the harbor, but was driven on the rocks at Old Field Point, where she lies broken in two. Her crew of four men perished. In all 10 vessels were wrecked at Port Jefferson. The loss is estimated at \$100,000.

Loss of the King Phillip Confirmed.

Baltimore, Dec. 2.—The Black-Sheridan-Wilson Coal company of this city has received a telegram from E. R. Norton of Boston, saying the company's schooner King Phillip, which left this port Nov. 16 laden with coal for Portland, Me., had foundered in the recent gale off the Massachusetts coast and that all were lost. Her crew consisted of 12 men.

Exemption From Taxes

For a Number of Years Is What the Cubans Want.

Santiago de Cuba, Dec. 2.—Robert P. Porter, United States special commissioner to Cuba and Porto Rico to study the economic conditions in both islands, has had a long interview with General Leonard Wood, who afterward gave him offices at the palace.

A committee from the chamber of commerce waited upon Mr. Porter and presented a memorial upon a problem of paramount importance, imperatively demanding the attention of the government. According to the memorial, the financial situation of the country and its very economic life depend upon a reduction of duties.

Sugar production for instance has suffered a severe blow during recent years, falling from 1,000,000 tons in 1894 to 400,000 tons in 1897. Meanwhile prices are lower and the difficulty of transportation is greater, while there is a deficiency of apparatus and interest is all the time accumulating on debts.

The chamber recommends freedom from all taxes for a reasonable number of years, the abolition of duties on machinery and free admission to the markets of the United States. Regarding tobacco, the chamber desires that the importation of the foreign leaf be absolutely prohibited, in order to avoid the manufacture of the same, which is then sold abroad as the product of the island, to the prejudice of the Cuban manufacture and agriculture.

President to Meet Garcia Informally.

Washington, Dec. 2.—Senator Quesada, chargé d'affaires of the Cuban legation in this city, called at the white house yesterday and arranged with the president, through Mr. Cortelyou, for an audience for General Garcia and his associates. The president will meet the commission this afternoon, but the meeting will be entirely informal and unofficial in character.

He Left a Shortage.

Philadelphia, Dec. 2.—An action at law brought by the executors of the estate of Charles H. Meyer, former German consul at this port, against Frederick Delvigne, German vice consul, has revealed the fact that when Mr. Meyer died suddenly in August last, the affairs of the consulate were in a bad condition. There is a shortage of from \$11,000 to \$15,000.

Public Debt.

Washington, Dec. 2.—The monthly statement of the public debt shows that the debt less cash in the treasury amounted to \$1,127,473,487, which is an increase over last month of \$16,556,563. This increase is accounted for by a decrease of nearly \$8,000,000 in the cash on hand, and an issue of about the same amount of bonds, which had been paid for in preceding months.

Negotiating For the Carolines.

Berlin, Dec. 2.—A German government official, in an interview here, confirms the report that Germany is negotiating with Spain for the purchase of the Caroline islands. It is understood that Spain expects to get 10,000,000 francs for them, which Germany considers excessive.

SOLDIERS RETURN.

Came Home to See His Parents, But First to See Dead.

Dillsboro, Ind., Dec. 2.—A soldier in a faded blue uniform and in ill health arrived here yesterday from the east. He did not stop to discuss the war with the groups congregated around the station, but made his way to the Milton omnibus. There was but one passenger beside himself. The soldier inquired concerning the Bradley family, stating he was a son of Mr. and Mrs. Bradley. He was informed that both were dead. Young Bradley was looking forward to a welcome by his parents, and was almost prostrated at the news of their death. He was a member of the Fifth regulars in the battle of San Juan hill, and was wounded by a treacherous Cuban, for which offense the Cuban was put to death. He had been away for 12 years.

THEIR FATHER'S CASH.

Two Daughters Bring Suit For Buried Money.

Terre Haute, Ind., Dec. 2.—Mrs. Elmina Edmondson and Mrs. Catharine Ellis have brought suit to recover \$2,000 in cash, which their father, the late William Haviland, had at the time of his death. At 10 years ago, the daughters went to visit him and persuaded him to tell them where it was hidden. Then, at night they dug it up in the garden. He heard what they had done and employed a lawyer to recover it. In the middle of the night they showed him where the money was buried and he dug it up and restored it to the old man. The daughters now bring suit to recover on the ground that their father had promised to give them the money on his death.

To say that there is need of better laws regulating county and township business is saying nothing against the officers themselves. Better laws would be a great protection to them in performing their official duties.

The visit of Richard Croker to Indiana may mean more than was at first thought. There seems to be no doubt that he came just west to interview a few of the leaders about what is necessary for the democrats to do before 1900. He does not believe in free silver and unquestionably believes the party has followed Bryan and his populist brethren far enough. He knows that the people will never accept the 16 to 1 proposition and therefore it seems that he is organizing to head it off as soon as possible. While west he counseled with Tom Taggart, Carter Harrison and others who are doubtless in sympathy with the Tammany chief. It may be that the smiling mayor of Indianapolis is to be the national democratic chairman in 1900 and that Croker is to be boss of the whole machine. Further developments will be watched for with interest by the democratic brethren.

Ten persons residing at Medora have employed attorneys to bring suits against the B. & O. S. W. railway company for damages sustained by the plaintiffs by the March flood of 1897. The matter of cleaning public ditches was referred to improvement committee to report back at the next meeting.

Dr. L. B. Hill, city health officer, and Dr. D. J. Cummings, secretary of the county board of health, submitted a report stating that the slaughter house near the southeastern limits of the city ought not to be operated there and recommended that it be discontinued. Report received and ordered spread on record.

HAVE YOU GOT TROUBLE OF YOUR OWN?

If Not, Listen to Others' Troubles. If You Have, See if Your Trouble Is Like Other People's Troubles.

There are some kinds of trouble that are unavoidable. Then again there is trouble that is easily avoided if you know how to do it. Here is a true statement of Mrs. M. Langton of 2021 Hanna St., Logansport, Ind., telling of her trouble and how she got entirely over it. She says: "I am well aware every one has trouble without listening to mine, but I hope by telling mine I shall instruct others how to avoid theirs."

Forten years at least I have had more trouble with my kidneys, and back than can well be expressed on paper. It began with "Kidney Backache." I paid little attention to it at first but I see now where I made the mistake. The trouble increased and urinary disturbances followed. The urine was excessive in quantity, highly colored, of a strong odor and contained so much uric acid as to cause a burning sensation. In its passage, then I had sharp shooting pains and swelling of the limbs which became very painful. For the past five or six years several doctors have treated me for my trouble without arresting the progress of the disease. They knew what the trouble was and pronounced it kidney complaint. One doctor said he could do nothing for me and advised me to make my "will." When I arrived at this stage I became anxious to try any and everything. Some time ago I read about and tried Morrow's Kid-noids. The recommendations were so high that I procured and used them strictly according to directions. After the first box was used I grew less nervous, and I rested well at night, which is something I had not experienced for months. I am now on the third box, and the help has been so great that I am glad to continue using them, believing that I have found a genuine cure. With all indications I shall soon be well. I desire all my friends to write to me and learn more about the wonderful remedy, Morrow's Kid-noids.

This statement is convincing enough for the worst skeptic in Seymour. Write to Mrs. Langton and see for yourself. Kid-noids are yellow tablets (not pills) and are sold by all first class druggists and at Alpha Cox's Drug Store at 50 cents a box. Accept no remedy "just as good" for there is none. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

Would Work Jail Prisoners.

Judge Martin of Bedford, has expressed himself as very strongly in favor of a work house for jail prisoners. He thinks that it is too great a burden for the people to support a number of questionable city and county characters, who are serving out jail sentences in idleness. He would favor a stockade or some place where they could break stone and help make the roads at least.

Weak Eyes are Made Strong

Dim vision made clear, styes removed and granulated lids, or sore eyes of any kind speedily and effectually cured by the use of Sutherland's Eagle Eye Salve. It's put up in tubes, and sold on a guarantee by all good druggists.

The revival meetings at the Presbyterian church are going in interest rapidly. Every foot of space was occupied last night—the audience room, the aisles, the lecture room were completely filled—people were sitting in the windows. The sermon "The Flag and the Cross" with the illustrations from battlefields, Calvary touched the hearts and held the attention of all. The sacrifice, the suffering, the obedience unto death, the vicarious atonement of soldier and Savior were graphically presented. The audience dispersed with a profounder sense of the meaning of the "Flag and the Cross." Tonight Mr. McNutt will speak of the "World's Greatest Miracle" and contrasting the gloom of Calvary with the glory of the nations whose kings and queens are crowned in the name of the crucified, dead and buried Nazarene.

Carlists

Trying to Enlist Regular Soldiers Against the Crown.

London, Dec. 2.—The Biarritz correspondent of The Daily Mail says: "Several Carlists have been arrested at Mora de Rubielos, in the province of Toul, for trying to enlist soldiers for Carlism. The soldiers themselves denounced them. Their success would have been serious, since the whole district is Carlist and the garrison small."

"General Correa, minister for war, has sent a drastic secret circular to the captains general of the provinces. It is estimated that the maintenance of a war footing against the Carlists will cost the government \$3,900,000."

MAY AND DECEMBER.

Shelbyville Divorce Case Exemplifies an Old Saying.

Shelbyville, Ind., Dec. 2.—Theodore Jacob, 77 years of age, and Blanch Whitman, aged 18, were married on May 12, 1897. Mrs. Jacob yesterday filed suit for divorce from her aged husband, alleging cruel treatment, and asking custody of their 8-months-old child and \$10,000 alimony. The specific charge is that on Wednesday of this week Mr. Jacob whipped the plaintiff with a cane, struck her with his fist and drove her from the house, she being only partially clothed. In this condition she sought safety in house of a neighbor, a quarter of a mile away, where she secured clothing. She also alleges Mr. Jacob refused to let her have the baby. The defendant is worth \$30,000.

A restraining order has been granted to prevent the defendant from disposing of his property. The aged of the couple, their marriage in the month of May and the divorce proceedings in December, makes a veritable case of December and May. Mr. Jacob is under arrest, charged with assault and battery.

CONFERENCE.

Of Municipal Reformers — Papers Read—Banquet to Delegates.

Indianapolis, Dec. 2.—Two papers were read yesterday at the conference for good city government. Horace E. Deming of New York discussed "The Municipal Problem in the United States." Dr. F. J. Goodnow of Columbia University, whose paper was read by George W. Guthrie of Pittsburg, wrote of "The Place of the Council and the Mayor in the Organization in Municipal government—the Necessity of Distinguishing Legislation from Administration."

A banquet was tendered the delegates last night at the Denison House, at which R. S. Taylor of Fort Wayne spoke on "The Altruism of Municipal Reform," and W. Dudley Foulke of Richmond on "The City Fathers."

SERIOUS MISTAKE.

Two Young Ladies Nearly Asphyxiated With Coal Gas.

Elkhart, Ind., Dec. 2.—Two prominent young women of this city—Misses Maude Stott and Lucy Duryea—had a narrow escape from death by asphyxiation. The young ladies were rooming together at Mr. Stott's and when retiring turned the damper in the coal stove and left the magazine open. Failing to come to breakfast Mr. Stott knocked on their door, getting no response and smelling the odor of gas, he broke in the door and found both unconscious. Physicians were summoned and after considerable work both were revived, but Miss Duryea is in a serious condition mentally. She is the daughter of Rev. and Mrs. M. J. Duryea.

County Auditor's Recommendation.

Anderson, Ind., Dec. 2.—The county auditor is preparing a proposition to submit to the County Assessors' organization, suggesting that the assessors' canvass in January, February and March, making returns in April. He contends that the assessors do not have sufficient time under the present law, besides which their work is done at a time when farmers are the busiest. The auditor also recommends the payment of assessors according to population of townships.

Oldest Twins In the State.

Crawfordsville, Ind., Dec. 2.—This county lays claim to the oldest twins in the state. Jacob and Isaac Schonck are 79 years old, and neither has ever had a spell of sickness. They have resided in this county for 77 years. They look alike, dress alike, vote alike and worship alike and in their youth wished to marry the same girl, who, however, disappointed both by marrying their younger brother.

Colonel Snell Probably Fatally Hurt. Union City, Ind., Dec. 2.—Colonel I. W. Snell and Herman Simons, while driving across the tracks of the Panhandle company yesterday, were struck by a freight engine, demolishing the buggy and hurling the occupants a distance of 80 feet. Both were seriously if not fatally hurt.

Rear-End Collision. Terre Haute, Ind., Dec. 2.—There was a tail-end collision of freight trains on the Vandalia railway near West Terre Haute. Five cars (three loaded) and a caboose were damaged, but no person was injured. Traffic was blocked for five hours.

Stole Telephone and Telegraph Wires. Vincennes, Ind., Dec. 2.—Unknown parties cut the American Telephone and Telegraph companies wires south of this city, and carried away over 3,000 feet of copper wire. Communication with the south was cut off except by way of Indianapolis.

Two Pointed Questions Answered.

What is the use of making articles better than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know you make it?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgement on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, cold and croup there is nothing equal to Chamberlain's Cough Remedy. Public Meeting.

As previously announced there will be a public meeting at Army hall tonight to devise ways and means by which the citizens of Seymour may generously remember at Christmas time the young men from here who are enlisted in the army. There should be a liberal attendance. The committees appointed are urged to be present.

The Modern Mother.

Has found that her little ones are improved more by the pleasant Syrup of Figs when in need of the laxative effect of a gentle remedy, than by any other. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.
